Every mealtime win, every meal shared, is a way of connecting in our fast-moving world. Around the world, tens of thousands of consultants help make it possible—and invite others to do the same.

The most powerful moments of the day happen between bites. With Pampered Chef, it's easier to make meals you can enjoy with your loved ones.

Let's Get Cooking

"Food is nourishment, but it can also bring families together. Food provides a basis for excellent family communication and interaction. If the activity in the kitchen doesn't draw the family in, the food certainly will."

The Deluxe Cooking Blender blends, it cooks...and when you're done, it even cleans itself!

- **Super Powered:** The 2-peak horsepower* motor is powerful enough, and the blades are strong enough, to pulverize nuts into creamy butters in less than 3 minutes.

Chop Down Your Prep Time

The Electric Twist & Chop will make you twist and *shout* with how evenly your food comes out.

- **Up, Down & All Around:** The blades rotate inside the bowl, giving you a more even chop. Because the blades move up and down, too, the larger pieces are pushed into the blades, helping you chop more quickly and evenly.
- **Select Your Setting:** Use the Pulse setting when you want more control over the consistency. The Start setting will finely mince vegetables or make smooth guacamole in seconds.
- **Steely Strength:** The blades are strong and durable enough for foods like fruit, vegetables, and cookie crumbs.
- **Drizzle It In:** The lid has an opening to slowly add oil or other liquids while it's running, so it gets evenly incorporated.
- **Compact & Streamlined:** It's small enough to store in a cabinet or large drawer, or leave on your countertop.

D. NEW Electric Twist & Chop
Chop ingredients more evenly or make salsa or guacamole in seconds! The stainless steel blades rotate and move up and down, giving you smooth, consistent results. 2.5-cup (600-mL) capacity.
